VOLUME CONTENTS

Volume 3 Number 1 **1990**

L. KACZOR and J. J. W. ROGERS — 1 The Cretaceous Aguas Buenas and Río Matón limestones of southern Puerto Rico

L. LIMARINO and P. GUTIERREZ — 9 Diamictites in the Agua Colorada Formation (northwestern Argentina): new evidence of Carboniferous glaciation in South America

C. DORBATH, L. DORBATH, A. CISTERNAS, J. DEVERCHÈRE and M. SEBRIER — 21 Seismicity of the Huancayo Basin (central Peru) and the Huaytapallana Fault

C. A. BARRIO — 31 Paleogeographic control of Upper Cretaceous tidal deposits, Neuquén Basin, Argentina

C. B. GOMES, E. RUBERTI and L. MORBIDELLI — 51 Carbonatite complexes from Brazil: a review

A. BLASI and M. J. MANASSERO — 65 The Colorado River of Argentina: source, climate, and transport as controlling factors on sand composition

H. DUQUE-CARO — 71 The Choco Block in the northwestern corner of South America: structural, tectonostratigraphic, and paleogeographic implications

85 Upcoming Meetings

i Instructions for contributors

Volume 3 Number 2/3 **1990**

N. MACHADO, J. C. KOPPE and L. A. HARTMANN — 87 A Late Proterozoic U–Pb age for the Bossoroca Belt, Rio Grande do Sul, Brazil

M. R. FISK — 91 Volcanism in the Bransfield Strait, Antarctica

A. N. SIAL and V. P. FERREIRA — 103 Granitoids in northeastern Brazil: Oxygen and sulfur isotope compositions and depths of emplacement

B. WEINGARTEN, R. F. YURETICH, R. S. BRADLEY and M. L. SALGADO-LABOURIAU — 113 Characteristics of sediments in an altitudinal sequence of lakes in the Venezuelan Andes: Climatic implications

E. P. OLIVEIRA and J. TARNEY — 125 Petrogenesis of the Canindé de São Francisco Complex: A major Late Proterozoic gabbroic body in the Sergipe Foldbelt, northeast Brazil

A. FORERO SUAREZ — 141 The basement of the Eastern Cordillera, Colombia: An allochthonous terrane in northwestern South America

153 Conference Report

157 Book Review

159 Upcoming Meetings

Volume 3 Number 4 **1990**

M. KAEDING, R. D. FORSYTHE and E. P. NELSON — 161 Geochemistry of the Taitao ophiolite and near-trench intrusions from the Chile Margin Triple Junction

H. BRICEÑO, C. SCHUBERT and J. PAOLINI — 179 Table-mountain geology and surficial geochemistry: Chimantá Massif, Venezuelan Guayana Shield

C. CABALLERO-MIRANDA, D. J. MORÁN-ZENTENO, J. URRUTIA-FUCUGAUCHI, G. SILVA-ROMO, H. BÖHNEL, Z. JURADO-CHICHAY and E. CABRAL-CANO — 195 Paleogeography of the northern portion of the Mixteca terrain, southern Mexico, during the Middle Jurassic

D. J. KONTAK, A. H. CLARK, E. FARRAR, D. A. ARCHIBALD and H. BAADSGAARD — 213 Late Paleozoic–early Mesozoic magmatism in the Cordillera de Carabaya, Puno, southeastern Peru: Geochronology and petrochemistry

D. J. KONTAK, E. FARRAR, A. H. CLARK and D. A. ARCHIBALD — 231 Eocene tectono-thermal rejuvenation of an upper Paleozoic–lower Mesozoic terrane in the Cordillera de Carabaya, Puno, southeastern Peru, revealed by K–Ar and $^{40}Ar/^{39}Ar$ dating

M. E. VATTUONE DE PONTI and C. O. LATORRE — 247 Low-grade metamorphism in granitoids and volcanic rocks, Cordillera Neuquina, Argentina

K. M. MARSAGLIA and A. V. CAROZZI — 253 Depositional environment, sand provenance, and diagenesis of the Basal Salina Formation (lower Eocene), northwestern Peru

M. E. GRIER and R. D. DALLMEYER — 269 Age of the Payogastilla Group: Implications for foreland basin development, NW Argentina

279 Upcoming Meetings

C. E. MACELLARI — 281 Acknowledgement to Reviewers
